- *Range memberships, locker rentals and bag storage are available at an additional cost(s).*

Tournaments and Outings

Club-sanctioned events are scheduled annually. To participate in these events, you may, in some cases, need to purchase a membership in the sponsoring organization(s), such as OPMGA, OPLGA18, OPLGA9, and/or MISGA. The total cost to participate in these events may include food, prizes, gifts, taxes, gratuities and other items agreed upon by the event chairperson or committee.

Non-club-sanctioned events (ie. Outside events) may limit the participants to certain groups of people (for example fraternal organization, businesses and/or employees). In these instances, member play may or may not be permitted during the events. The cost to participate in these events is determined by the sponsoring organization, not the golf club. The sponsoring organization may elect to offer a discount for member participation, however, they are not obligated to do so.

Tee Time Reservations

Members may make reservation requests up to seven (7) days prior to the day of play. On the fifth day prior to play, tee time placements will be made. After this occurs, Ocean Pines residents and other non-members may also make tee-time requests. Therefore, golf members will have two full days to make tee time requests before the local non-members. Anyone, including members, may elect to request advanced tee times (more than 7 days). In these cases, regular green fees will apply.

During some times of the year, blocks of tee times will be made available to golf packagers for advanced sale of green fees. A maximum of 50% of the available starting times may be utilized. Package and outside play helps to defray the operating costs of the facility.

Charging Privileges

Members can elect to purchase merchandise using a house charge tender. Statements will be mailed monthly. Members are expected to pay outstanding balances in a timely manner. Interest may accrue for past-due accounts. Delinquent accounts may cause an interruption in membership privileges.

Membership Costs and Other Fees

MEMBERSHIPS (May 1, 2008 through April 30, 2009)
