

Racquet Center Advisory Committee Meeting Minutes

RCAC Advisory Meeting August 11, 2022

Members attending- Kathy Stone, Rhett Parsons, Karen Kaplan, Cathy Noble, Patsy Workman, Susan Morris

Guest: Vin Morris, Josh Davis

There was not a July meeting so no minutes to approved.

Cathy Nobel is a new member of the RCAC

1. Rhett is stepping down as chair of the committee effective at the conclusion of this meeting. There was not a quorum for this meeting, so a new chair was not appointed. If any member of the committee is interested in the chair position, they should notify Amy Peck at apecck@oceanpines.org
2. Josh Davis reviewed and took suggestions for the OPA directed amenities survey. Survey should be released sometime in the next few weeks and sent to all active members and be promoted on the website and social media properties.

Center-wide Issues

1. Hard court maintenance & repairs on pickle and tennis will take place within the next 2-3 weeks as currently planned. All courts (except the new pickleball courts) will be closed for the duration of the repair. All surfaces will be power washed, the fences will be taken down, the courts will be repaired and resurfaced then the fences will be replaced. Actual duration of the work should be 10 days depending on the weather.
2. A recommendation was made directly to Debbie Donahue that the bathroom be changed back to gender specific. Debbie was the RCAC for an opinion. The unanimous opinion of the committee is that they should remain as they are now as non-gender specific.
3. The prior request that a system be put into place with the Northstar platform to allow for the attendant to indicate which sport a player is participating in. Has been

reviewed and it is a difficult programming issue so at this point it is an unlikely enhancement.

4. Request and recommendation that a sign be installed instructing dog owners that all dogs should be on a leash at all times. Attendants should remind anyone who is at the facility with their dog.
5. The RCAC would like to know if the staff is trained in CPR and the use of the defibrillator. Training open to membership has occurred in the past and would be welcomed by members.
6. The RCAC also suggest again the defibrillator be located in a more immediate accessible location and suggest that one closer to the pickleball courts and platform courts be installed.
7. New bounce back board is being considered
8. Debbie confirmed that fridge in the clubhouse is for public use.
