INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Ocean Pines Association:

Report on the Financial Statements

We have audited the accompanying financial statements of Ocean Pines Association (a nonprofit homeowners' association) (the Association), which comprise the balance sheets as of April 30, 2019 and 2018, the related statements of revenues and expenses and changes in fund balances, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ocean Pines Association, Inc. as of April 30, 2019 and 2018, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of revenues and expenses and changes in appropriated owners' equity, as listed as pages 18 to 44 in the table of contents, are presented for the purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Disclaimer of Opinion on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information on future repairs and replacements, as listed as page 46 in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Organization

Ocean Pines Association, Inc. (the Association) is a nonprofit homeowners' association, as defined by Section 501(c)(4) of the Internal Revenue Code (IRC), incorporated in 1968 and located in Worcester County, Maryland. The Association is governed by a board of directors and is responsible for providing the following services to its members: administrative and finance, clubs, architectural control, public safety, public works, and recreation. The Association consists of 8,542 platted residential lots located on approximately 3,500 acres in Ocean Pines, Maryland.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), whereby revenue is recognized when earned and expenses are recognized when incurred.

Financial Statement Presentation

The Association uses fund accounting, which requires that funds, such as operating funds, and funds used for major repairs and replacements, be classified separately for accounting and reporting purposes. Disbursements from these funds are at the discretion of the Board of Directors of the Association.

The Association's funds consist of the following:

<u>Operating Fund</u> – This fund is used to account for financial resources available for the normal operations of the Association.

<u>Reserve Funds</u> – These funds are established by the Association's By-laws and/or Board of Directors for the purpose of accounting for specific projects or areas maintained by the Association.

<u>Restricted Funds</u> – This fund is used to account for the allocation of income to fund prior operating fund deficits.

<u>Investment in Fixed Assets</u> – This account represents the cumulative activity within property and equipment, which includes additions, disposals and associated depreciation expense.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and highly liquid investments, money market accounts and other demand deposits with an original maturity of three months or less at the time of purchase.

Credit Risk

Deposit accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor. The Association, during the course of the year, may have deposits in financial institutions which are in excess of insured limits covered by the FDIC. This credit risk is managed by maintaining all deposits in high-quality financial institutions and by securities pledged as collateral in certain local banks. Management considers this to be a normal business risk.

Property Owners' Assessments Receivable

Association members are subject to property owner assessments to provide funds for the Association's operating expenses, capital acquisitions, and major repairs and replacements. Property owners' assessments receivable at the balance sheet date represent fees due from lot owners. Property owners' assessments receivable are carried at original assessment amounts less an estimate of an allowance for doubtful accounts.

The Association uses the allowance method to account for uncollectible receivables. Management determines the allowance for doubtful accounts by regularly evaluating individual property owners' assessment receivable balances considering their financial condition and credit history. Management also considers current economic conditions. The Association's policy is to retain legal counsel, place liens and, when appropriate, foreclose on the properties of lot owners whose accounts are delinquent. Bad debt recoveries are credited to the allowance account as realized.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Property Owners' Assessments Receivable – continued

The following represents activity within the allowance for doubtful accounts during the years ended April 30,:

| | | 2019 | 2018 |
|--------------------------------|----------|-------------|------------|
| Balance, beginning of the year | \$ | 300,000 \$ | 225,000 |
| Provision for bad debts | | 201,590 | 254,252 |
| Recoveries | | 8,292 | 888 |
| Net charge-offs | | (126,590) | (180, 140) |
| Dalamas and african | S | 292 202 ¢ | 200,000 |
| Balance, end of year | 3 | 383,292 \$ | 300,000 |

Accounts Receivable

Included in accounts receivable are receivables which are more than 90 days past due totaling approximately \$780,000 and \$944,000 as of April 30, 2019 and 2018, respectively. These receivables include member assessments (approximately \$389,000 and \$412,000, respectively), which are billed annually on May 1st, and related interest and other charges. Past due member assessments, in accordance with Association policy, have liens placed against the property. Management believes these receivables, net of the allowance for doubtful accounts, are collectible.

Revenue Recognition

Assessments and membership dues are billed in advance and are recognized as income when earned. Revenue billed or received, but not earned, is shown as deferred revenue in the current liabilities section of the accompanying balance sheets. All other fees and charges are recognized when the Association's services have been provided.

Inventories

Inventories consist of food, beverages, merchandise, fuel, golf chemicals, pool chemicals and other miscellaneous items which are stated at the lower of cost or market, using the first-in, first-out method.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Property and Equipment

The Association's policy is to capitalize all property and equipment with a cost of \$5,000 or more to which it has title or other evidence of ownership. The Association is responsible for preserving and maintaining all common property other than the individual lots owned by members. Property and equipment is stated at cost, if purchased, or at the estimated fair value at the date of gift, if donated. Construction in progress relates to several projects underway, but not yet completed. Depreciation is computed using the straight line method over the estimated useful lives of the respective assets, as follows:

| Asset Category | Estimated Life |
|------------------------------|----------------|
| Buildings, pools and bridges | 7 - 50 years |
| Furniture and equipment | 3 - 15 years |
| Other improvements | 5 - 50 years |
| Mobile equipment | 7 - 10 years |
| Vehicles | 3 - 10 years |
| Roads | 7 - 20 years |
| Drainage | 25 years |

When assets are retired or otherwise disposed, the cost and related accumulated depreciation are removed from the accounts. Any resulting gain or loss is reflected in investment in fixed assets fund for the period. Depreciation expense for the years ended April 30, 2019 and 2018 totaled approximately \$1,825,000 and \$1,807,000, respectively.

Valuation of Long-Lived Assets

The Association accounts for the valuation of long-lived assets under ASC 360, *Property, Plant and Equipment*. ASC 360 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived asset is measured by a comparison of the carrying amount of the asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. Assets to be disposed are reportable at the lower of the carrying amount or fair value, less costs to sell. As of April 30, 2019 and 2018, management does not believe any long-lived assets are impaired and has not identified any assets as being held for disposal.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Major Repairs and Replacements

The Association annually determines the remaining useful lives of the components of common property and current estimates of major repairs and replacements that may be required in the future. Actual expenditures, however, may vary from the estimated amounts and the variations may be material. When replacement funds are needed to meet future needs for major repairs and replacements, the Association may borrow, utilize reserve funds, increase regular assessments, pass special assessments, or delay major repairs and replacements until funds are available. The effect on future assessments has not been determined at this time. The Association currently funds depreciation expense through current year assessments and deposits such funds in the Major Maintenance and Replacement Reserve Fund, which provides funding for future capital repairs and replacements. In addition, the Association has developed a supplemental funding plan to provide funding for Major Repairs and Replacements, which are estimated to be required in future years. The continuation of this supplemental funding, which was first implemented in 2010, and the amount of such funding, if any, is subject to annual determination by the Board of Directors. For the year 2019, the Association eliminated the supplemental funding. Other reserves for certain future capital expenditures are funded through current assessments (Note 2), as determined by the Board of Directors.

Income Taxes

The Association is exempt from federal and state income taxes under Section 501(c)(4) of the IRC, except on net income derived from unrelated business activities.

Accounting Standards Codification (ASC) 740, *Income Taxes*, prescribes the recognition and measurement of a tax position taken, or expected to be taken, in a tax return. It also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The amount recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement.

The Association recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Association has not accrued interest and penalties as of April 30, 2019 and 2018.

The Association is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Recently Issued Accounting Pronouncements

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which amends the existing accounting standards for revenue recognition. ASU 2014-09 supersedes the revenue recognition requirements in ASC 605 and most industry-specific guidance throughout the Industry Topics in the ASC. Under the new Standard, recognition of revenue occurs when a customer obtains control of promised goods or services in an amount that reflects the consideration which the entity expects to receive in exchange for those goods or services. In addition, the Standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers.

In August 2015, the FASB deferred the effective date of the revenue recognition guidance for non-public entities to reporting periods beginning after December 15, 2018. Early adoption is permitted. The new revenue standard may be applied retrospectively to each prior period presented or retrospectively with the cumulative effect recognized as of the date of adoption. The Association is currently evaluating the impact of adopting the new revenue standard on its financial statements.

In November 2016, the FASB issued ASU No. 2016-18, *Statement of Cash Flows Restricted Cash (Topic 230)*, to clarify how entities should present restricted cash and restricted cash equivalents in the statement of cash flows. Under this new guidance, entities will be required to show the changes in the total of cash, cash equivalents, restricted cash, and restricted cash equivalents in the statement of cash flows. This new guidance is effective for annual reporting periods beginning after December 15, 2018. The Association is currently evaluating the impact of adopting the new restricted cash standard on its financial statements.

Advertising Expense

The Company expenses all advertising costs as they are incurred. Advertising costs for the year ended April 30, 2019 and 2018, totaled approximately \$68,000 and \$57,000, respectively.

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation. These classifications have no effect on the previously reported results of operations or fund balances.

Subsequent Events

The Association evaluated for disclosure any subsequent events through July 30, 2019, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

2. DUES AND ASSESSMENTS

Annual dues to owners for the years ended April 30, 2019 and 2018 totaled \$951 and \$921 for non-waterfront lots and \$1,416 and \$1,386 for waterfront lots, respectively. The following table represents the amounts of assessments that were budgeted and billed for operations and special purposes for the years ended April 30,:

| | 2019 | 1900 |
|-----------------------|-------------|-------------|
| | | |
| Operations | \$ 679 | \$ 609 |
| Replacement reserve | 270 | 275 |
| Bulkhead reserve | - | 19 |
| New capital | 2 | 18 |
| Non-waterfront lots | 951 | 921 |
| Bulkhead differential | 465 | 465 |
| Waterfront lots | \$ 1,416 | \$ 1,386 |

The annual budget and membership dues are determined by the Board of Directors. The Association retains excess operating funds at the end of the operating year, if any, for use in future periods.

3. RETIREMENT PLAN

The Association has a defined contribution retirement 401(k) plan, covering all full and part-time employees over 20.5 years of age and having at least 12 consecutive months and 1,000 hours of service. Participants may contribute up to 100% of compensation, with a maximum contribution of \$18,500. The Association contributes 3% of compensation for all eligible employees. Contributions made to the Plan by the Association were approximately \$71,000 and \$86,000 for the years ended April 30, 2019 and 2018, respectively.

4. COMMITMENTS

In December 2015, the Association concluded discussions with Sandpiper Energy to facilitate the conversion of the Ocean Pines community from propane to natural gas over the next several years. The resulting agreement between Sandpiper and the Association includes provisions that provide Sandpiper with certain easements, right-of-ways and a land lease related to installation, operation and maintenance of a gas distribution system. The agreement also provides that Sandpiper pay to the Association certain fees, commencing in fiscal year 2016. Required payments of approximately \$22,000 have been recorded as revenue during each of the years ended April 30, 2019 and 2018.

Notes to Financial Statements For the Years Ended April 30, 2019 and 2018

4. **COMMITMENTS – continued**

In March 2018, the Association entered into a management agreement with Matt Ort Companies, LLC ("MOC") to provide management and operational services for the Yacht Club and Beach Club for two years commencing on May 1, 2018. Under the terms of this agreement, the Association is required to pay MOC \$12,500 per month, and a bonus of fifty percent of every dollar of net income generated from the Yacht Club and Beach Club that exceeds the respective facility's budget with a limit up to \$50,000 per facility, and an additional year one bonus if the combined net income for the facilities is greater than the budgeted amount in accordance with the following scale:

| One (1) dollar to \$25,000 | 10% |
|----------------------------|-----|
| \$25,001 to \$50,000 | 20% |
| \$50,001 to \$75,000 | 30% |
| \$75,001 to \$100,000 | 40% |
| \$100,000 and above | 50% |

The management agreement also allows for a year two bonus if the net combined income of both facilities is greater than the previous year. In year two, a bonus is paid for every dollar above the prior year net combined income according to the scale above. The Association paid management fees of approximately \$199,000 for the year ended April 30, 2019.

Schedule 27 - Supplementary Information on Future Repairs and Replacements (Unaudited) as of April 30, 2019

In 2017, Design Management Associates, Inc (DMA), an independent contractor, updated its 2015/2016 Reserve Study of the Association's assets to estimate the remaining useful lives and the replacement costs of the components of buildings and improvements, as well as all other assets, including furniture and fixtures, equipment, vehicles, pools, bridges, land improvements and bulkheads. Replacement costs were based on the estimated costs to repair or replace the common property components at the end of their useful lives, assuming an annual inflation rate of 3%.

The DMA Report was updated and issued in September 2018 and is currently being utilized by management for budget and asset replacement decision making. Information set forth below is based on the Report. The future replacement cost information for certain asset categories are approximations, as the Report summarization for some asset categories was not broken out.

| Components | Estimated Future Replacement Cost | |
|-------------------------|-----------------------------------|--|
| Buildings and pools | \$ 16,400,000 | |
| Furniture and equipment | 7,200,000 | |
| Other improvements | 10,800,000 | |
| Mobile equipment | 2,900,000 | |
| Vehicles | 1,800,000 | |
| Roads and bridges | 13,700,000 | |
| Bulkheads | 25,000,000 | |
| | \$ 77,800,000 | |

Note: The Association has been replacing bulkheads on a 35-year program. The Association currently has approximately 109,000 linear feet of bulkhead, approximately 92% of which is the financial responsibility of property owners, who currently pay a Bulkhead Differential as part of their annual assessment (\$465 in FY 2019). As part of the follow-up to the recently completed Reserve Study, management and the Board of Directors will be evaluating the current Bulkhead Replacement Program.
