Discussion on additional suggestions for the Board;

1) Draft proposal for a Pre-Season Tour of the Pools and other Recreational Amenities.

2) Entrance/Exit at Mumford’s Landing Pool

Entrance steps are very small and kids hang all over them creating a danger for some elderly swimmers

The ladders on the side of the pool have “regular” hand rails, but the steps are built into the wall which requires more upper body strength to use.

3) Pool entrance fees for non-pool members. Consider lowering age requirement for entrance to 2 years old ??

Additional Items for discussion??
