Public Comments:

UNFINISHED BUSINESS

- South Pond Buffer Plan – Steady work continues on this project. Karen will provide an update.
- Green Street article for next newsletter due Sept. 15th to Josh Davis – brain storm positive results we have made over last few years.
- Sewage Tanks overflowing during heavy rains – John has taken the lead making inquiries on this reported surcharging issue so we can make recommendations to the board.
- Fishing Events – Angler's Club members were going to speak with Public Works soliciting their help on solutions to clearing tangled gear that catch in trees (hooks, lines, bobbers and monofilament) left behind at fishing events snaring wildlife.

NEW BUSINESS

- Application for a new member received (Patricia Garcia) – Will pass on to Doug Parks for Board approval at next Board Meeting. If accepted, we will have seven members.
- Duck Crossing Signs – Recent event on August 22nd where 3 geese were run over. How do we get duck/geese caution signs installed along 589 and Ocean Parkway?
- Kayak launch at White Horse Park – Neighbor alerted us to the fact that maintenance and a "kayak launch" sign is needed.

Date of next meeting – October 19, 2022, at 10 a.m. in the Peach Room.
